The Henry Hotels and Resorts
Guest Speaker

"Education is the passport to the future, for tomorrow belongs to those who prepare for it today."

~ Malcolm X

VICTO VICENTE "DEAN" G. SINCO

University President

Dear graduates,

Your graduation should serve as an impetus to be the best of what you can do. You may not have full use of some of the things you have learned, but some of these can actually come handy.

This is the time to test your mettle, to spread your wings, and to test your worth as an individual. You will experience disappointments and, perhaps, your expectations may not always be met. But, unlike when you were yet students, you will no longer be able to escape and hide, but you will have to meet these challenges head-on.

When you do, trust your best judgment. Believe me, it may be an extremely challenging world, but the path will surely not be easy.

Take to heart, therefore, the wonders that the digital world bring to our lives today. But, let us not lose focus on communicating with passion, being vigilant but not abrasive, opinionated but not harsh, truthful but not infringing on people's right to privacy, and vocal but conscious of the temperance of your language.
Always be guided by the core values of your Alma Mater – excellence, commitment, integrity, and service – and you will not go wrong.

Congratulations!

CHARLOTTE V. CARIÑO, DBA

University Chancellor

Dear graduates,

Congratulations on reaching this important milestone. This is a celebration of your hard work, dedication, and perseverance.

As you leave Foundation University and begin a new chapter in your lives, I encourage you to use the knowledge and values you have gained here to make a positive difference in the world. Continue to learn, grow, and serve others with honesty and humility.

We are proud of you and confident that you will face the future with strength and purpose.

Once again, congratulations. We wish you all the best in your journey ahead.

2024

GLENE MAY LUSARES, MAEd

Assistant Vice Chancellor,
Academic Support and
Director, Quality Assurance

Dear Foundationites,

Congratulations on successfully completing this milestone.

The years leading to 2024 were paved with various challenges, but you were able to hurdle them. By embracing the university's core values, you have shown that with the right attitude, anything you aspire for can be achieved.

As you move on to the next step in life, be it further education or pursuit of a career, it is my hope that all the effort you put into these endeavors will pay off. I also look forward to your return to the university during our various alumni gatherings and university activities to listen to your inspiring stories.

Best wishes and cheers to all of you as you proudly soar!

2024

College of

Law & Jurisprudence

JESUS RAMON M. QUEVENCO, JD, LLM.

Dean, College of Law and Jurisprudence

Dear graduates,

Congratulations for completing the four year law program leading to the degree of Juris Doctor.

Now more than ever, we need women and men who will answer the call of the times. There is an imperious need for those trained in the study of law to be in the forefront, to espouse the protection of individual rights, and deliver justice to the marginalized, I am confident that you are up to the challenge.

PETER MACABINGUIL

Acting Dean, College of Arts & Sciences

Dear graduates,

Congratulations everyone! With your achievements, your potential to reach new heights and adventures, we can say that you have “Proudly Soar”! Remember, this is just a new beginning of another exciting and awe-inspiring chapter in your life. And because you have sharpened your skills and widen your knowledge, you are now ready to make a difference in the world.

To our AB Political Science Graduates: Your knowledge of public governance and social justice prepares you to be leaders and advocates for change.

To our BS Biology Graduates: Your scientific curiosity and dedication equip you to tackle global challenges and contribute to a sustainable future.

Carry with you the values and friendships forged here. Embrace challenges with resilience and courage. Soar high with pride and purpose.

Congratulations, Class of 2024! May you proudly soar to new horizons and achieve greatness in all your endeavors.

CHARLOTTE SCHMIDT, MENG.ARCH.

Program Chair, Department of Architecture

Dear graduates,

As the Program Chair of the Department of Architecture, it brings me immense pride and joy to congratulate you on the successful completion of your project, the "Creative Sanctuary for YATTA." Your dedication, creativity, and hard work have resulted in a safe space that will foster creative expression, personal growth, and community building for years to come.

Through this journey, you have not only honed your architectural skills but also made a significant impact on the lives of many young individuals. The "Creative Sanctuary for YATTA" stands as a testament to your ability to transform ideas into reality, embodying the spirit of collaboration, empathy, and social responsibility.

Your ability to integrate practical construction experience with community involvement has set a new benchmark for future Estudio Damgo classes. The challenges you faced and the solutions you devised have provided invaluable lessons for all of us. Your project exemplifies the potential of architecture to serve as a catalyst for positive change.

As you step into the next phase of your career, carry forward the principles and values that guided you through this project. Continue to strive for excellence, remain committed to community engagement, and be the architects of a better world.

Congratulations once again, and best wishes for your future endeavors.

2024

College of
Education

ERLINDA N. CALUMPANG, Ed.D

Dean, College of Education

Dear graduates,

It is with a happy note that I congratulate Batch 2024 graduates of the College of Education! Likewise, the same felicitation goes to the graduates of the Master of Arts in Education and the Doctor of Education.

The 27 of you from the College of Education are testimonies of the greatest love of work and dedication of the mentors who delicately honed your skills into who you've become today.

We, your mentors have never been prouder as we saw you march down the walkway to your success. In our hearts we prayed that one day you will become the teacher this country needs. The teacher this university will be very proud of! The teacher who does not only teach from the books but one who does from the heart!

As we turn you over to the community, we are very confident that you are ready to face the reality. You have been equipped with the different important skills you will need. Do not get contented with what you have learned and what you have earned. Continue to grow and be a lifelong learner. For example, your digital skillsets may set you apart from others but keep brushing up on these skills!

Those who put premium and learned to balance academics with extra-curricular activities would have an edge over others as seeking for a job for the first time without experience is a nightmare.

Turn your can'ts into cans and your dreams into plans and as what Jack Dempsey said "A champion is someone who gets up when he can't!" Be that champion! Remember you are a FOUNDATIONITE! Live by that name.

God bless you in your journey Batch 2024!

College of

Business Administration

LIGAYA MAE T. CONCEPCION, DBA

Dean, College of Business Administration

Dear graduates,

It is with great joy and pride that I extend my warmest congratulations to each and everyone of you on this momentous occasion. Your dedication, hard work, perseverance and sacrifices have finally paid off, and I couldn't be prouder of what you all have accomplished during your stay in our department. You may now call yourselves graduates.

As the Dean of this esteemed college, I have had the privilege to witness your growth both academically and personally. It has been a pleasure watching you evolved into young professionals all throughout these years. I have observed how you challenged yourselves and pushed through obstacles to reached your goals. Please do remember that the milestone you have accomplished today is not only a testament to your own abilities but is also a reflection of the unwavering support of your professors, families and friends. I would like to express my deepest appreciation to them for they have been pivotal in your educational journey. Their guidance, unwavering belief and encouragement have played an integral role in shaping the individuals you all have become today – empowered, accomplished and ready for the world.

As you move forward to the next phase of your lives, know that you are equipped with not just a degree, but with the tools, skills, confidence and perspectives that have the power to make a positive impact in your chosen fields and the society at large. May you find fulfillment and happiness in everything that you do. Remember that the knowledge, experiences, trainings that you have had in the College of Business Administration will serve as foundation for your future endeavors. Be confident in your abilities, remain curious and never stop in seeking knowledge. Along this journey, challenges, hurdles and setbacks will come your way, but with the core values and teachings that the University and the department have instilled in you, I have no doubts you will overcome all of these. It is essential to be resilient, embrace these setbacks as your learning curves and let these fuel your determination to achieve greater heights. Embrace every opportunity that comes your way, seize each moment, and always continue to push yourselves to new levels of excellence. Your alma matter will forever remain a source of support and inspiration and we eagerly anticipate the continued successes along your way.

Once again congratulations! You have made us proud, and I am excited to see all the incredible things you will accomplish in the years to come. Know that we are cheering you from behind!

JOBERT R. KLEINE KOERKAMP, MPS

Dean, College of Agriculture

Dear graduates,

On behalf of the faculty and staff of the College of Agriculture, congratulations on this achievement. Your batch is one of those that were caught in a transition between online classes and a shifting curriculum. Both you and the faculty of our college learned many things and at least on our side we will use what we learned to improve the curriculum. We hope you do the same. Board exams, job interviews, entrepreneurial activities may be next in your path, we wish you all the best and know that the College of Agriculture will stand as your home. Until we cross paths again, in our office or yours, in a conference, lab or field, keep growing your future.

The Magnificent 8,

Four years ago, at a crossroads, you made a life-changing decision to pursue your dreams through college. We're glad you chose Foundation University School of Industrial Engineering and Technology to partner with you on this journey.

Today marks your success as you step into the real world, armed with knowledge, skills, and the right attitude. Remember, you embody the values Foundation University stands for – excellence, commitment, integrity, and service. As you embrace new opportunities, strive to embody Benjamin Franklin's words: "Without continual growth and progress, such words as improvement, achievement, and success have no meaning."

Be the exceptional industrial engineer you're destined to be!

Congratulations!

College of **Nursing**

JETHRI KEN CARLO M. CATALAN, RN, MSN

Dean, College of Nursing

Dear graduates,

It is with immense pride and joy that I celebrate with you your remarkable achievements. Your journey through the rigorous and demanding nursing program of Foundation University has culminated in this significant milestone, and you are now on the threshold of a noble and fulfilling profession.

The healthcare landscape is continuously evolving, presenting both daunting challenges and exciting opportunities. The recent global pandemic has underscored the critical importance of healthcare workers, and particularly nurses, in our society. You are entering the field at a time when the demand for skilled, compassionate, and resilient nurses is greater than ever. The challenges you will face are numerous: from dealing with resource constraints and addressing the complexities of patient care, to staying abreast of rapid technological advancements and navigating the emotional toll of caregiving. Yet, it is within these challenges that you will find your greatest opportunities to make a profound impact on the lives of individuals and communities.

As soon-to-be registered nurses, you are about to embark on a new chapter as FoundatioNurses. This term encapsulates the essence of your role: you are the bedrock upon which the health and well-being of your patients will be built. Your expertise, empathy, and dedication will be the foundation of high- quality healthcare delivery. Whether you find yourselves in bustling hospitals, community health centers, or specialized care facilities, remember that your work is integral to the health and recovery of those you serve.

Strive for excellence in everything you do. The nursing profession demands continuous learning and growth. Commit to lifelong learning and professional development, always seeking to enhance your skills and knowledge. Embrace evidence-based practice, remain curious, and be open to innovation and change. Your commitment to excellence will not only elevate your own practice but also inspire those around you and contribute to the advancement of the nursing profession as a whole.

As you move forward, never forget the University that has been your academic home. It is here that you acquired the knowledge, skills, and values that will guide you throughout your career. Remember your professors, mentors, and peers who have been instrumental in your journey. Let your achievements be a testament to the quality education you received, and stay connected to the University. Share your experiences, mentor future generations of nurses, and continue to contribute to the legacy of excellence that defines our College of Nursing.

I want to congratulate each one of you on your remarkable accomplishments. The journey ahead will be challenging, but it will also be incredibly rewarding. You are now equipped with the tools, knowledge, and passion to make a significant difference in the world. Embrace your roles as FoundatioNurses with pride and dedication, and always strive to be the best in your field. The future of healthcare is in your hands, and I have no doubt that you will rise to the occasion and make us all proud.

Congratulations, Batch 2024! Go forth and make your mark on the world.

NUTRICULAE
VERITAS MCMLXVIII

COLLEGE OF NURSING

2024

College of
Computer Studies

CECILIA G. BENLOTA, LPT

Officer In-charge,
College of Computer Studies

Dear graduates,

"CHANGE is the only constant in this world. The most powerful and adaptable people on Earth are those who can embrace change and see it as a positive force.

When you began your schooling in college, the landscape of education changed dramatically. This forced you to return to studying in your own homes, away from classmates, friends, and instructors. It happened for two gruelling years. This shift to distance education made your already challenging course even more demanding. Yet, you emerged victorious.

Upon returning to school, you faced difficulties in communication. Two years of lockdown and the inherent introversion of IT students made this understandable. Nevertheless, you triumphed in your Capstone defense, with none other than the university president, Mr. Dean Sinco.

To say congratulations is an understatement! You're one of a kind as you were able to survive these great changes in your life.

I encourage you to always maintain this adaptable attitude. The world of technology is perpetually evolving; what you learned a few years ago may become obsolete soon.

Remain adaptable. While you may be single now, marriage might be on the horizon. Stay adaptable. Perhaps you're currently employed, but envision yourself as a future tech startup entrepreneur—adaptability will serve you well.

The spirit of adaptability will not only help you survive but thrive in this ever-changing world.

While we would want to embrace change, I would like to challenge you to create change. Be a change-maker wherever you go. Challenge the status quo and create unimaginable outputs. Change the mediocre mindset at work and be excellent. While it's normal to be dishonest, be the change-maker and be honest even in the little things.

As you start creating small positive changes, you will be surprised as this will bring tremendous changes to your surroundings, your company, your workplace, your community, and your country.

While I will be happy seeing you embrace change, I will be immensely proud seeing you CREATE change.

CHEERS future CHANGE MAKERS! Let's altogether make this world a better place."

College of **Criminology**

FRANCIS JADE C. MARIMAT, CRMGST

Officer In-charge, College of Criminology

Dear graduates,

Well done for this great achievement! Completing your studies in criminology is something to be proud of; so let me congratulate you onall the efforts that you have made in order to get this degree.

Before proceeding further, you should recall what a wealth your education is and the extent of the changes you are capable of bringing to this world. Your time and education acquired here in the College as been fascinating as it will incorporate almost all cornerstones of the society, may it be in policing or in criminal justice, social injustice and even human conduct. The experience and skills you have obtained paves the way to your career paths to pursue and create an impact in the society. Making thoughtful and cautious decisions as you go into the coming phase of your life may have an impact on how you live. You have the chance to positively impact and make a difference in people's lives whether you choose to work in criminal justice, law enforcement, or any similar field. You have the chance to make that change.

My aspirations that your curiosity never wanes and that you continue o interact, connect and be interested in the field of criminology. Never stop learning new things and never stop broadening your perspective on what is possible.

The time has come to enlighten yourself on all the achievements that you made throughout this significant journey of your lives. Years of hard work, commitment and perseverance helped you get this far, so it is time to be proud. Go out and make a difference. Use your skills and knowledge to bring positive change to the world.

Congratulations once again Batch SAMUEL, and best of luck on your journey ahead.

To your achievements and beyond.

FOUNDATION UNIVERSITY
Hymn

All hail alma mater beloved
For thee we stand united
In faith and love and loyalty
From places near and far away.

Refrain

May thy light forever shine
On the path of life each day
May thy banner forever lead us
To a happy, glorious way.
In this country of tropic beauty
In this nation young and free
May thy presence be a benediction
To all of us who come to thee.

Lyrics: Dr. Vicente G. Sinco
Music: Dr. Eliseo Pajaro
